

Secure Mobile Productivity

Syncplicity Mobile App for Android

Syncplicity by EMC is an easy-to-use, enterprise-grade file sync and share solution that users love and IT trusts. By combining highly secure file sync with a rich mobile, web, and desktop experience, users get access to all their files for internal and external collaboration. Syncplicity provides a gold-standard mobile user experience with a rich set of features including social activity feeds, a recommendation engine, and native in-app editing.

Mobile Productivity Secured

Syncplicity and MobileIron together take secure mobile file sharing to the next level and expand the data protection envelope. With a single management console, IT organizations can provision apps securely, configure and enforce policy controls, manage app life cycles, and containerize corporate apps to protect business data. The Syncplicity mobile app for MobileIron is part of this trusted ecosystem of apps that enables enterprises to have greater mobile security.

Key Features

- **Secure access to enterprise content**
Real-time access to all content in a user's Syncplicity account
- **In-App Editing:**
Securely create and edit Microsoft Word, PowerPoint and Excel files, and annotate PDFs
- **Syncplicity Insights:**
Predictive analytics allow users to quickly focus on the most active and relevant files and folders
- **Enforce passcode policy**
Access to the AppConnect ecosystem via a single passcode
- **Prevent data leakage**
Restrict cut-copy-paste, open-in only within managed AppConnect apps, prevent screen capture, restrict access to content via un-secure browsers, wipe non-compliant devices
- **Secure file sharing**
Securely exchange content with other AppConnect enabled applications
- **Data encryption and storage in secure AppConnect container**
Secure all data on the device for AppConnect apps
- **Control access to external storage devices**
Prevent data from moving outside the AppConnect container

Availability

The Syncplicity mobile app for MobileIron (Android) will be available by June 30, 2015.
