

ZERØ

AI-POWERED EMAIL FOR
INNOVATIVE LAW FIRMS

In recent years, legal innovation has centered around implementing transformative new technology solutions before fully understanding the core problems that need disruption. ZERØ is different.

Our product focuses on solving real, ongoing issues faced by lawyers and the professionals who work with them every day.

Your challenges

- Lost time from administration around email management and time capture
- Low email compliance
- Client demand for greater accountability from their law firms on billing and records retention
- Inability to capture billable time spent emailing on mobile devices, resulting in lost revenue
- Risk of sending sensitive information to the wrong recipient
- Need to keep firm data private

Our solution

A secure, mobile-first email client designed to help lawyers save time and generate revenue by automating administrative tasks.

Designed to help lawyers spend more time practicing law

ZERØ for Mobile and Desktop Companion licenses

Automatic, passive, and contemporaneous time capture

Hyper-accurate predictive email filing

AI-driven draft time entry narratives that upload directly into time entry systems

Integrations with document management and time entry systems, activated by a single touch

Advanced filtering options, including the ability to sort by importance, sender, and client/matter

Enterprise-grade security

Wrong recipient detection in real time

AI in your pocket

Using secure, modern, and adaptable AI technology, ZERØ allows users to capture more billable time and process large amounts of email faster and more accurately. In addition, ZERØ's application adheres to the strictest security standards. ZERØ's artificial intelligence works on the device itself—meaning that no user data is processed outside of the device.

ZERØ's AI works directly on the device, with no third-party cloud processing.

Other AI solutions send data to the cloud for processing.

Visit zeroapp.ai to learn more about how ZERØ can help your lawyers work less and bill more.
